## Recent Updates of GI Intervention

October 11-12, 2019 | Grand Hyatt Incheon, Korea

## **Daily Programs**

GRAND HYATT

DAY 2_Saturday, October 12, 2019		
	Room A	
		Moderators: Richard A. Kozarek (Virginia Mason Medical Center, USA)
08:00-09:20 (80')	Live Demonstration 3. (Seattle, USA)	Mariano E. Gimenez (University of Buenos Aires, Argentina) Michael Gluck (Virginia Mason Medical Center, USA)
08:00-09:20	Virginia Mason Medical Center	
09:20-09:50	Coffee Break	
09:50-11:10 (80')	Session 11. Multidisciplinary Approach for Complicated Walled-off Necrosis: When and How?	Moderators: Michael Gluck (Virginia Mason Medical Center, USA)
03.30-11.10 (80 )	Session 11. Multidisciplinary Approach for Complicated Walled-Off Necrosis. When and now:	Eduardo Javier Houghton (University of Buenos Aires, Argentina)
09:50-10:00	Case presentations	Jae Hee Cho (Gachon University, Korea)
10:00-10:20	Endoscopic step-up approach for complicated walled-off necrosis	Todd H. Baron (University of North Carolina, USA)
10:20-10:40	Dual modality technique for complicated walled-off necrosis	Michael Gluck (Virginia Mason Medical Center, USA)
10:40-11:00	Minimally invasive surgery for complicated walled-off necrosis	Eduardo Javier Houghton (University of Buenos Aires, Argentina)
11:00-11:10	Discussions on cases	
11:10-12:30 (80')	Session 13. Multidisciplinary Local Ablative Therapy for Unresectable Pancreatobiliary Malignancies	Moderators: Raj J. Shah (University of Colorado, USA)
		DongKi Lee (Yonsei University, Korea)
11:10-11:30	Recent updates on SBRT in pancreatobiliary malignancies	Jin-Hong Park (University of Ulsan, Korea)
11:30-11:50	New endoscopic techniques for safe SBRT	Eun Ji Shin (Johns Hopkins University, USA)
11:50-12:10	Radiofrequency ablation (RFA) in locally advanced pancreatobiliary malignancies	Raj J. Shah (University of Colorado, USA)
12:10-12:30	Irreversible electroporation (IRE) in locally advanced pancreatobiliary malignancies	TBD
12:30-13:00 (30')	Luncheon Symposium 2	
12:30-13:00	TBD  Break	
13:00-13:30	ргеак	Moderators
13:30-14:50 (80')	Session 15. Management of Postsurgical Complications in Pancreatobiliary Disease: Who Do You Call?	Moderators: Michael Gluck (Virginia Mason Medical Center, USA) Sang Soo Lee (University of Ulsan, Korea)
13:30-13:40	Case presentations (Biliary and pancreas complications)	Huisong Lee (Ewha Womans University, Korea)
13:40-14:00	Postoperative complications of pancreaticobiliary surgery	Dae Wook Hwang (University of Ulsan, Korea)
14:00-14:20	Endoscopic approaches for postoperative complications	Sundeep Lakhtakia (Asian Institute of Gastroenterology, India)
14:20-14:40	Interventional radiologic approaches for postoperative complications	Chang Ho Jeon (Pusan National University, Korea)
14:40-14:50	Discussions on cases	
14:50-15:20	Coffee Break	
		Moderators:
15:20-16:40 (80')	Live Demonstration 4. (Seoul, Korea)	Philip Wai Yan Chiu (The Chinese University of Hong Kong, Hong Kong) Hiroyuki Isayama (Juntendo University, Japan)
15:20-16:40	Asan Medical Center	
45.40.49.00 (90")	Session 18. Multidisciplinary Approach to Successful Management of Biliary Diseases in Patients	Moderators:
16:40-18:00 (80')	with Surgically Altered Anatomy	Jin Hong Kim (Ajou University, Korea)  Michel Kahaleh (Weill Cornell Medicine, USA)
16:50-17:05	Introduction of surgically altered anatomy	Seong-Ho Kong (Seoul National University, Korea)
16:40-16:50	Case presentations	Min Jae Yang (Ajou University, Korea)
17:05-17:20	Transpapillary approach	Raj J. Shah (University of Colorado, USA)
17:20-17:35	EUS-guided approach	Michel Kahaleh (Weill Cornell Medicine, USA)
17:35-17:50	Percutaneous approach	Eduardo Javier Houghton (University of Buenos Aires, Argentina)
17:50-18:00	Discussions on annual	
	Discussions on cases	
18:00-18:15	Closing & Awards Ceremony	TRD
	Closing & Awards Ceremony	TBD  Hwoon-Yong Jung (University of Ulsan, Korea)
18:00-18:15 09:50-10:00 10:00-10:10	Closing & Awards Ceremony  Case presentation including discussion	TBD  Hwoon-Yong Jung (University of Ulsan, Korea)  TBD
09:50-10:00	Closing & Awards Ceremony	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD
09:50-10:00 10:00-10:10	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity	Hwoon-Yong Jung (University of Ulsan, Korea)
09:50-10:00 10:00-10:10 10:10-10:20	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)
09:50-10:00 10:00-10:10 10:10-10:20 10:20-10:30	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)
09:50-10:00 10:00-10:10 10:10-10:20 10:20-10:30	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)
09:50-10:00 10:00-10:10 10:10-10:20 10:20-10:30 10:30-10:40 10:40-10:50	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)
09:50-10:00 10:00-10:10 10:10-10:20 10:20-10:30 10:30-10:40 10:40-10:50	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)
09:50-10:00  10:00-10:10  10:10-10:20  10:20-10:30  10:30-10:40  10:40-10:50  10:50-11:05	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion  Development of therapeutic algorithm	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)  Moderators: Charles Y. Kim (Duke University, USA)
09:50-10:00  10:00-10:10  10:10-10:20  10:20-10:30  10:30-10:40  10:40-10:50  10:50-11:05	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion  Development of therapeutic algorithm  Session 14. Recent Update of Treatment for Advanced HCC (BCLC C stage)	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)  Moderators: Charles Y. Kim (Duke University, USA) TBD
09:50-10:00  10:00-10:10  10:10-10:20  10:20-10:30  10:30-10:40  10:40-10:50  10:50-11:05  11:10-12:25 (75')	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion  Development of therapeutic algorithm  Session 14. Recent Update of Treatment for Advanced HCC (BCLC C stage)  Conventional TACE	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)  Moderators: Charles Y. Kim (Duke University, USA) TBD  Jin Hyoung Kim (University of Ulsan, Korea)
09:50-10:00  10:00-10:10  10:10-10:20  10:20-10:30  10:30-10:40  10:40-10:50  10:50-11:05  11:10-12:25 (75')	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion  Development of therapeutic algorithm  Session 14. Recent Update of Treatment for Advanced HCC (BCLC C stage)  Conventional TACE  DEB TACE	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)  Moderators: Charles Y. Kim (Duke University, USA) TBD  Jin Hyoung Kim (University of Ulsan, Korea)  Charles Y. Kim (Duke University, USA)
09:50-10:00 10:00-10:10 10:10-10:20 10:20-10:30 10:30-10:40 10:40-10:50 10:50-11:05  11:10-12:25 (75')  11:25-11:40 11:40-11:55	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion  Development of therapeutic algorithm  Session 14. Recent Update of Treatment for Advanced HCC (BCLC C stage)  Conventional TACE  DEB TACE	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)  Moderators: Charles Y. Kim (Duke University, USA) TBD  Jin Hyoung Kim (University of Ulsan, Korea)  Charles Y. Kim (Duke University, USA)  Ho Jong Chun (The Catholic University of Korea, Korea)
09:50-10:00 10:00-10:10 10:10-10:20 10:20-10:30 10:30-10:40 10:40-10:50 10:50-11:05  11:10-12:25 (75')  11:10-11:55 11:25-11:40 11:40-11:55 11:55-12:10 12:10-12:25	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion  Development of therapeutic algorithm  Session 14. Recent Update of Treatment for Advanced HCC (BCLC C stage)  Conventional TACE  DEB TACE  TARE  Factors impacting survival after TARE  Sorafenib or other molecular therapy	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)  Moderators: Charles Y. Kim (Duke University, USA) TBD  Jin Hyoung Kim (University of Ulsan, Korea)  Charles Y. Kim (Duke University, USA)  Ho Jong Chun (The Catholic University of Korea, Korea)  Parvez S. Mantry (The Liver Institute at Methodist Dallas, USA)
09:50-10:00 10:00-10:10 10:10-10:20 10:20-10:30 10:30-10:40 10:40-10:50 10:50-11:05  11:10-12:25 (75')  11:10-11:55 11:25-11:40 11:40-11:55	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion  Development of therapeutic algorithm  Session 14. Recent Update of Treatment for Advanced HCC (BCLC C stage)  Conventional TACE  DEB TACE  TARE  Factors impacting survival after TARE	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)  Moderators: Charles Y. Kim (Duke University, USA) TBD  Jin Hyoung Kim (University of Ulsan, Korea)  Charles Y. Kim (Duke University, USA)  Ho Jong Chun (The Catholic University of Korea, Korea)  Parvez S. Mantry (The Liver Institute at Methodist Dallas, USA)  Do Young Kim (Yonsei University, Korea)
09:50-10:00 10:00-10:10 10:10-10:20 10:20-10:30 10:30-10:40 10:40-10:50 10:50-11:05  11:10-12:25 (75')  11:10-11:55 11:25-11:40 11:40-11:55 11:55-12:10 12:10-12:25	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion  Development of therapeutic algorithm  Session 14. Recent Update of Treatment for Advanced HCC (BCLC C stage)  Conventional TACE  DEB TACE  TARE  Factors impacting survival after TARE  Sorafenib or other molecular therapy	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)  Moderators: Charles Y. Kim (Duke University, USA) TBD  Jin Hyoung Kim (University of Ulsan, Korea)  Charles Y. Kim (Duke University, USA)  Ho Jong Chun (The Catholic University of Korea, Korea)  Parvez S. Mantry (The Liver Institute at Methodist Dallas, USA)  Do Young Kim (Yonsei University, Korea)  Moderators: Christopher C. Thompson (Harvard Medical School, USA) Alan Li (Manchester University NHS Foundation Trust, UK)
09:50-10:00 10:00-10:10 10:10-10:20 10:20-10:30 10:30-10:40 10:40-10:50 10:50-11:05  11:10-12:25 (75')  11:25-11:40 11:40-11:55 11:55-12:10 12:10-12:25	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion  Development of therapeutic algorithm  Session 14. Recent Update of Treatment for Advanced HCC (BCLC C stage)  Conventional TACE  DEB TACE  TARE  Factors impacting survival after TARE  Sorafenib or other molecular therapy  Session 16. Bariatric and Metabolic Therapies: New and Emerging Technologies	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)  Moderators: Charles Y. Kim (Duke University, USA) TBD  Jin Hyoung Kim (University of Ulsan, Korea)  Charles Y. Kim (Duke University, USA)  Ho Jong Chun (The Catholic University of Korea, Korea)  Parvez S. Mantry (The Liver Institute at Methodist Dallas, USA)  Do Young Kim (Yonsei University, Korea)  Moderators: Christopher C. Thompson (Harvard Medical School, USA) Alan Li (Manchester University NHS Foundation Trust, UK) TBD
09:50-10:00 10:00-10:10 10:10-10:20 10:20-10:30 10:30-10:40 10:40-10:50 10:50-11:05  11:10-12:25 (75')  11:25-11:40 11:40-11:55 11:55-12:10 12:10-12:25  13:30-14:50 (80')	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion  Development of therapeutic algorithm  Session 14. Recent Update of Treatment for Advanced HCC (BCLC C stage)  Conventional TACE  DEB TACE  TARE  Factors impacting survival after TARE  Sorafenib or other molecular therapy  Session 16. Bariatric and Metabolic Therapies: New and Emerging Technologies	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)  Moderators: Charles Y. Kim (Duke University, USA)  TBD  Jin Hyoung Kim (University of Ulsan, Korea)  Charles Y. Kim (Duke University, USA)  Ho Jong Chun (The Catholic University of Korea, Korea)  Parvez S. Mantry (The Liver Institute at Methodist Dallas, USA)  Do Young Kim (Yonsei University, Korea)  Moderators: Christopher C. Thompson (Harvard Medical School, USA) Alan Li (Manchester University, NHS Foundation Trust, UK) TBD  Charles Y. Kim (Duke University, USA)
09:50-10:00 10:00-10:10 10:10-10:20 10:20-10:30 10:30-10:40 10:40-10:50 10:50-11:05  11:10-12:25 (75')  11:10-11:25 11:25-11:40 11:40-11:55 11:55-12:10 12:10-12:25  13:30-14:50 (80')	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion  Development of therapeutic algorithm  Session 14. Recent Update of Treatment for Advanced HCC (BCLC C stage)  Conventional TACE  DEB TACE  TARE  Factors impacting survival after TARE  Sorafenib or other molecular therapy  Session 16. Bariatric and Metabolic Therapies: New and Emerging Technologies  The role of radiologist  Bariatric endoscopy	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)  Moderators: Charles Y. Kim (Duke University, USA) TBD  Jin Hyoung Kim (University of Ulsan, Korea)  Charles Y. Kim (Duke University, USA)  Ho Jong Chun (The Catholic University of Korea, Korea)  Parvez S. Mantry (The Liver Institute at Methodist Dallas, USA)  Do Young Kim (Yonsei University, Korea)  Moderators: Christopher C. Thompson (Harvard Medical School, USA) Alan Li (Manchester University, NHS Foundation Trust, UK) TBD  Charles Y. Kim (Duke University, USA)  Christopher C. Thompson (Harvard Medical School, USA)
09:50-10:00 10:00-10:10 10:10-10:20 10:20-10:30 10:30-10:40 10:40-10:50 10:50-11:05  11:10-12:25 (75')  11:10-11:55 11:25-11:40 11:40-11:55 11:55-12:10 12:10-12:25  13:30-14:50 (80')  13:30-14:50 14:00-14:15	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypersensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrap-up and discussion  Development of therapeutic algorithm  Session 14. Recent Update of Treatment for Advanced HCC (BCLC C stage)  Conventional TACE  DEB TACE  TARE  Factors impacting survival after TARE  Sorafenib or other molecular therapy  Session 16. Bariatric and Metabolic Therapies: New and Emerging Technologies  The role of radiologist  Bariatric endoscopy  Surgeon for morbid obesity  Complication & Revisim of Bariatric Surgery	Hwoon-Yong Jung (University of Ulsan, Korea)  TBD  Hitomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)  Moderators: Charles Y. Kim (Duke University, USA)  TBD  Jin Hyoung Kim (University of Ulsan, Korea)  Charles Y. Kim (Duke University, USA)  Ho Jong Chun (The Catholic University of Korea, Korea)  Parvez S. Mantry (The Liver Institute at Methodist Dallas, USA)  Do Young Kim (Yonsei University, Korea)  Moderators: Christopher C. Thompson (Harvard Medical School, USA) Alan Li (Manchester University, USA)  Charles Y. Kim (Duke University, USA)  Christopher C. Thompson (Harvard Medical School, USA)  Sungsoo Park (Korea university, Korea)

Thompson (Harvard Medical School, USA)  Sungsoo Park (Korea university, Korea)  Hany Shehab (Cairo University, Egypt)  Yosuke Seki (Yotsuya Medical Cube, Japan)  Moderators: Kenneth F. Binmoeller (California Pacific Medical Center, USA)  Hee Cheol Kim (Sungkyunkwan University, Korea)  Min Woo Lee (Sungkyunkwan University, Korea)  TBD  Dong Chun (The Catholic University of Korea, Korea)  Moderators: Ho Jong Chun (The Catholic University, USA)
09:50-10:00 10:00-10:10 10:10-10:20 10:20-10:30 10:30-10:40 10:40-10:50 10:50-11:05  11:10-12:25 (75')  11:10-12:25 (75')  11:40-11:55 11:55-12:10 12:10-12:25  13:30-14:50 (80')  13:30-14:50 14:50-15:20  15:20-16:40 (80')  15:20-16:40 16:40-18:00 (80')	Closing & Awards Ceremony  Case presentation including discussion  Endoscopic treatment for reflux hypernensitivity  Indication and outcome of mucosal resection of cardia  Laparoscopic fundoplication: Good and bad facet  Revision / Re-do fundoplication  Case wrsp-up and discussion  Development of therapeutic algorithm  Session 14. Recent Update of Treatment for Advanced HCC (BCLC C stage)  Conventional TACE  DEB TACE  TARE  Factors impacting survival after TARE  Sorafenib or other molecular therapy  Session 16. Barlatric and Metabolic Therapies: New and Emerging Technologies  The role of radiologist  Barlatric endoscopy  Surgeon for morbiid obesity  Complication & Revisim of Barlatric Surgery  Collaboration in metabolic and barlatric team  Coffee Break  Session 17. Therapeutic Intervention for the Colorectal Cancers in Various Situations: Present and Future  Tailored endoscopic resection for the early colorectal cancer  Robotic surgery for rectal cancer: Where are we now?  Local abbitton therapy for hepatic metastasis of CRC: Tips and pifalls  Surgery vs. stenting for stage IV CRC with impending obstruction: Oncologist's viewpoint  Future direction of therapeutic intervention for CRC: potential role of nanotechnology  Discussion  Session 19. New Way of TACE, Balloon TACE  Background in development of B-TACE	Hwoon Yong Jung (University of Ulsan, Korea)  TBD  Hittomi Minami (Nagasaki University, Japan)  Jin-Jo Kim (The Catholic University of Korea, Korea)  Alan Li (Manchester University NHS Foundation Trust, UK)  Hwoon-Yong Jung (University of Ulsan, Korea)  Moderators: Charles Y, Kim (Duke University, USA)  TBD  Jin Hyoung Kim (University of Ulsan, Korea)  Charles Y, Kim (Duke University, USA)  Ho Jong Chun (The Catholic University of Korea, Korea)  Parvez S, Mantry (The Liver Institute at Methodist Dallas, USA)  Do Young Kim (Yonsel University, Korea)  Moderators: Christopher C, Thompson (Harvard Medical School, USA) Alan Li (Manchester University NHS Foundation Trust, UK)  TBD  Charles Y, Kim (Duke University, USA)  Christopher C, Thompson (Harvard Medical School, USA)  Sungsoo Park (Korea university, Korea)  Hany Shehab (Cairo University, Egypt)  Yosuke Seki (Yotsuya Medical Cube, Japan)  Moderators: Kenneth F, Bimmoeller (California Pacific Medical Center, USA)  Hee Cheol Kim (Sungkyunkwan University, Korea)  Min Woo Lee (Sungkyunkwan University, Korea)  TBD  Dong-Hyun Kim (Northwestern University, USA)  Moderators: Ho Jong Chun (The Catholic University of Korea, Korea)  TBD  Toshiyuki Irie (Mito Kyodo General Hospital, Japan)
